Summary

B.Tech Computer Science student with hands on experience building AI and web development projects, including an AI Resume Analyzer and an Expense Tracker. Skilled in Python, Java, and C, with a strong foundation in Git/GitHub workflows. Actively participated in hackathons and project exhibitions, seeking a Software Engineering internship/role to apply and grow technical, analytical, and problem solving skills.

Technical Skills

Languages: Python, Java, C
Web Technologies: HTML, CSS
Tools & Platforms: Git, GitHub, VS Code, Vercel, TiinyHost
Core Concepts: Data Structures, OOP, DBMS
Areas of Interest: Artificial Intelligence, Web Development

Experience

- GeeksforGeeks** Remote
Campus Mantri Jun 2026 – Present
- Selected as Campus Mantri 2026, representing GeeksforGeeks on campus to promote learning opportunities and drive student engagement.
 - Organized outreach activities, coding contests, and technical workshops to boost participation and awareness among peer communities.
- Codtech IT Solutions Private Limited** Remote
Python Programming Intern Jun 2026 – Jul 2026
- Completed a 6-week Python Programming internship, successfully delivering assigned tasks while demonstrating strong technical skills and dedication.

Projects

- AI Resume Analyzer** | *React, TypeScript, Flask, Python, SQLite* GitHub
- Built a full-stack ATS style resume analyzer with keyword matching and skill analysis.
 - Integrated React frontend with Flask backend and implemented AI based feedback.
- AeroLink: UAV Web Dashboard** | *Flask, DroneKit, MAVLink, JavaScript* In Progress
- Built a UAV dashboard for real time telemetry using ArduPilot SITL, with MAVLink-based controls including arm/disarm and flight mode switching.
 - Developed live map tracking for real time drone location monitoring.
- Expense Tracker** | *Python, Tkinter, CSV, JSON* GitHub
- Built a desktop expense tracker with transaction management, categorization, and persistent data storage.
 - Implemented spending trend visualization to help users track and analyze their personal finances.

Education

Einstein Academy of Technology and Management (EATM), Bhubaneswar Bhubaneswar, Odisha
Bachelor of Technology in Computer Science and Engineering Aug 2024 – Apr 2028 (Expected)

Certifications & Achievements

- Participated in hackathons including **GIET HackFest 2.0**, **BPUT Hackathon**, and **Adastra 2025**.
- Presented projects at **INNOVISION 2026** and **BPUT Project Exhibition 2025**.
- Completed a Bootcamp on **Big Data & Data Science**, CDAC Noida.
- Completed the **TestMu AI Bootcamp** (in collaboration with GeeksforGeeks) on browser automation and AI agent infrastructure.

Activities

- Participated in hackathons and coding competitions.
- Presented projects at project exhibitions focused on open innovation.
- Active member of Bug Smashers (Coding Club).
- Organized and coordinated coding events and a college level tech fest.
